INDEPENDENCE PROMISED THE PHILIPPINE ISLANDS

Special Mission of Philippine Legislators Seeking Own Rule Given Assurance that Wish will be Granted

BAKER READS LETTER FROM THE PRESIDENT

Governor General Harrison Declares He is Convinced Islanders Now Capable of Self-Government

Obstacles to Rule by Natives Cleared Away

(By Associated Press)

Washington, April 4.—Members of the special mission of the Philippine legislature here seeking immediate independence were told today by Secretary Baker that he spoke President Wilson's mind when he said he believed the time had come to grant the complete independence desired by the Philippine Islanders.

The war secretary also said he believed the mission would be able to carry home word that the American people loved liberty too dearly to deny it to others.

He read a letter left by President Wilson when he went to Europe expressing the hope that the mission would result in "bringing about the desirable ends set forth in the joint resolution of the Legislature."

Governor General Harrison of the Philippines followed Mr. Baker with the statement that his experience in the islands had convinced him that the obstacles to independence that appeared to exist a few years ago had been cleared away.

The mission, including 40 prominent Filipinos and headed by President Quezon, president of the Senate, upon being received in Secretary Baker's office today, presented a formal memorial asking independence and pointing particularly to the record of the Philippines in the great war.

NO DISSENSION BETWEEN FRANCE AND THE ENGLISH

Lloyd George Asserts Great Britain Ready to Sacrifice if Necessary to Obtain Needed Guarantees

England will be Ready Fifty Years Hence to Stand by France if Need Be, He Declares

(By Associated Press)

Paris, April 4.—In a statement to the Petit Parisien Premier Lloyd George, of Great Britain, denies there are dissensions between France and England regarding guarantees for France against Germany.

He declares the understanding between the two governments is complete and England is "ready to make sacrifices if necessary to secure the peace and independence of France."

"I have seen the scourge of war twice loosed on France by Germany," the premier said. "We do not intend that there shall be a third time and should it be 50 years hence France will again find England by her side with all her wealth and power, for mark well my words, the wild beast must be mastered."

The interview was sought says a Havas Agency, because of the rumor recently in circulation that Great Britain would be opposed in the peace conference. French demands for guarantees.

ETHICAL, PHILOSOPHICAL AND RELIGIOUS BODIES APPEAL TO PRES. WILSON

Document Said to be from Leading German Citizens Carries Ilconcealed Threat

INSIST PLEDGES BE KEPT

Declares Huns, if Driven to Desperation, Would "Rather be Bolsheviks than Slaves"

(By Associated Press)

Berlin, April 4.—Leading ethical, philosophical and religious societies of Germany have addressed an appeal to President Wilson giving warning against disregard of principles to which Mr. Wilson has pledged himself, which, they claim, induced Germany to lay down her arms.

The appeal declares that "if the Germans are driven to desperation they would rather become Bolsheviks than slaves and charges the Czechs and Poles with anticipating the conclusion of the peace terms and violating the Wilsonian principles. It says the allies are "not only condoning the acts of the Czechs and Poles but are supporting those nations."

It is claimed the allies provoked anarchistic conditions in Germany by refusing to relax the blockade.

In discussing the possibility of a revival of military operations the appeal says "only one thing could weld the Germans of every state into a war-like power—the continuation of the policy of hate and annihilation that has been pursued by the allies."

Mr. Wilson is warned that the United States with its "great private fortunes and billion dollar trusts" is a "fertile field for communism" and it is suggested that wealthy "Americans had better support the league of nations."

LAST CHANCE TO SEE GREAT PRODUCTION

Tomorrow, Saturday afternoon and evening, will be the last chance to see "The Heart of Humanity," one of the biggest productions in ten years, which has been shown the entire week at the Colonial Theatre.

It is a romance of the great war and pronounced one of the most stirring films ever screened—a picture to be lived over and again in the memory.

Of the immensity of the production some idea may be gained by the fact that a squadron of tanks was called into service, a squadron of airplanes, and from first to last 453 horses were used. Yet, with all its value as a war picture, so skillfully is the war element handled that it is completely overshadowed by the charming romance which is the picture's main theme.

It is the story of the love that lives in a mother's heart, of the love that dwells in the hearts of all sweethearts of the love that exists in the hearts of all husbands and wives. It is the story of the grand passion which prompts humanity to do and dare for what is good and right, even to the extent of sacrificing life itself.

Dorothy Phillips, as Nannette, gave a marvelously intelligent interpretation of the stellar role. Surely, this talented young actress has traveled far since the days when she appeared in comedy roles.

By many photoplay patrons "The Heart of Humanity" will rank as the third of a triumvirate of great pictures produced since the inception of the film industry. "The Birth of a Nation" and "Intolerance" the other two. But the human interest story of this one gives to it special attraction.

BURNES WAS EASY FOR MATTY MATSUDA

Matty Matsuda, who is appearing in this city in a series of wrestling bouts, had an easy time defeating Frank Burnes, of Flint at the Armory in Pontiac, Michigan. For the past four years Burnes has been winning right and left but in this match it took Matsuda just twenty minutes to make Burnes say enough.

MATTY MATSUDA

It was seen from the start that Burnes never had a chance. Matsuda's weight at ring side was 135 pounds while Burnes tipped the beam at 158 pounds the weight didn't make any difference to Matsuda. After he started in the full time they were wrestling Burnes never saw Matsuda's back. After the first and only fall of the match was gained Burnes went to his dressing room for a rest of ten minutes. When the time was called for the next fall Burnes would not enter the ring.

Contests in the Air

Next month, May, promises to bring great developments in air navigation. Certain it is that aviators of two great nations, Britain and America, are making tremendous preparation for across the ocean flights. France may possibly join in the contest for the honor which will attach to the first to cross the great water.

The navy departments of America and Great Britain are backing the preparations with open purses and will have stationed along the route, the whole way across, a line of destroyers and light cruisers to "mother" the flying ships with any fuel or supplies needed and to stand by for the work of rescue in case of disaster to the ship sailing way up in the sky.

Our own navy department has developed an airship which can lift and fly easily with a load of twenty-eight thousand pounds, thus insuring abundant carrying capacity for the necessary complement of men and the required quantity of fuel.

From Great Britain comes rumors of wonderful developments in power and strength of the planes which will be sent forth on the great voyage of discovery and into the race for the honors of the air.

The initial flight will be by way of Newfoundland and Ireland, at least so far as the American flyers are concerned—the first lap of the journey about thirteen hundred miles and the second a little more than sixteen hundred miles.

In this contest the alliance of war is forgotten and the battle for honors between two great peoples who love the sport and contests of peace will be one "without quarter."

Americans are "pulling" for the plane which will fly the stars and stripes to show the way across. It will do it too.

POEM FOR TODAY

"GOOD-BY."

We wallowed in the Flanders mud,
The worst I ever saw,
We faced the death in Argonne
Woods, we shared the filthy straw.

We huddled in a dugout while the
bitter cold bit in.

We marched together in the rain,
all sopping to the skin.

We helped to smash the wall of steel
they called the Kriemhild line.

We saw the Stars and Stripes unfurl
upon the castled Rhine.

We bound each other's bloody wound
and kept our courage high.

Through all the glorious scrap, but
now we've got to say good-by.

Each day in rest camp I have
thought how lonesome it would be.

To have no pal to sit around and
smoke and gab with me.

No chum to share my blanket and to
cheer me when I'm blue—

Best bunkie, finest comrade that a
soldier ever knew.

The train is nearly to the place
where we at last must part.

For you belong in Tennessee—God
bless your loyal heart!

And in New York a dear old dad,
white-haired and dim of eye,

is waiting in a flat for me—it's time
to say good-by.

Good-by, good-by! and don't forget as
long as life endures

That everything I've got on earth
at any time is yours.

And if you find the mountains now
too quiet for your taste

Pick up your hat and hike along
Manhattanward in haste.

There'll always be a plate and cup
and something in them for

The buddy who beside me trod the
long red road of war.

Drop me a post card now and then,
I'm not ashamed to cry.

Oh, gee—it spoils the coming home to
part so soon—goodby.

Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated
scores of women for liver and bowel
ailments. During these years he gave to
his patients a prescription made of a few
well-known vegetable ingredients mixed
with olive oil, naming them Dr. Edwards'
Olive Tablets. You will know them by
their olive color.

These tablets are wonder-workers on the
liver and bowels, which cause a normal
action, carrying off the waste and poison-
ous matter in one's system.

If you have a pale face, sallow look, dull
eyes, pimples, coated tongue, headaches,
a listless, no-good feeling, all out of sorts,
inactive bowels, you take one of Dr.
Edwards' Olive Tablets nightly for a time
and note the pleasing results.

Thousands of women as well as men
take Dr. Edwards' Olive Tablets—the suc-
cessful substitute for calomel—now and
then just to keep in the pink of condition.

News of Interest to Women

Thirty women were in attendance at the meeting of the Woman's Foreign Missionary Society, with Mrs. Alice Adams on Washington avenue, Wednesday afternoon. Mesdames Jenkins and Darlington, Miss Augusta Adams and Miss Josephine Porter assisted.

The President, Mrs. F. M. Kennedy opened the meeting, and Mrs. H. E. Coffman was in charge of the devotionals.

Mrs. John Merriweather was the leader of the program, and gave interesting sketches of the lives of the organizers of the Society and the Jubilee work.

Two excellent papers were presented by Mrs. J. W. Haigler and Miss Fanny McLean.

Mrs. G. S. Hodson traced the dollar sent from the Auxiliary as it goes on its journey to the Foreign Field, and Miss Edith Gardner followed with a short talk on the Centenary movement. Mrs. Kennedy outlined the Jubilee Work and the system that is being used by the local Society to raise subscriptions for the Missionary friend.

Mrs. Nye Gregg contributed a pretty vocal solo and the afternoon was closed in a most enjoyable social during which the hostesses served tempting refreshments.

Mrs. H. M. Rankin hospitably entertained the Thursday Kensington Club yesterday afternoon.

There was a full attendance of members who started on their fourth comfort for Devastated France, the work progressing with a speed and neatness which is creditable both to their interest and their skill as seamstresses.

The hostess served a delicious lunch, of dainty appointments, and the women found the closing hour of visiting one of much pleasure.

Mrs. Jess Feagans assisted by Mrs. Herman E. Price, Misses Mary Craig and Elizabeth Sheen were hostesses to the Young Woman's Foreign Missionary Society at the Feagans home on East street, Thursday afternoon.

Devotionals were led by Mrs. H. R. Rodecker and the members answered Roll Call with the names of books of the Bible. Mrs. Herbert Chapman conducted the lesson study of the first eight decades of Missionary work, and the whole Society took part in the reading of a pamphlet, "The Ideal Member."

Mrs. John Dial gave an interesting resume of the organization of the local Society, just three years ago. "Add one and bless three" was the title of a leaflet read by Mrs. Glenn Woodmansee.

Norman and Genevieve Price delighted the women with a piano duet and Miss Dorothy Parrett, accompanied by Miss Lorie King, added a pretty vocal solo.

Four new members, Mrs. Dave Sutherland, Mrs. Ralph Penn, Mrs. Ray Feagans, and Miss Ruth Carr were added to the roll, and an enjoyable social hour followed.

The Mt. Olive Aid Society held the regular monthly meeting with Mrs. J. P. Bush and it proved, despite the rain which interfered with the attendance, an unusually enjoyable one, with the real "get together" spirit. Nine members responded to roll call with Scriptural quotations and one new name was added to the society.

The annual election of officers was held resulting as follows: President, Mrs. Charles Engle; Vice President, Mrs. Harry Minton; Secretary, Miss Florence Olinger; Assistant, Miss Cora Plymire; Treasurer, Mrs. J. L. Coil.

The regular monthly meeting of the C. W. B. M. met at the home of Mrs. Geo. Osborn, Thursday afternoon. The devotionals services were led by the President Mrs. C. O. Deere assisted by Mesdames Jacobs, Lewis, Mershon, Morris and Irvin, followed by sentence prayers.

After the business session, a splendid program in charge of Mrs. Conwell was rendered. Mrs. Robinson and Mrs. Marks gave a piano duet. Mrs. Lewis reviewed the book of Galatians. Mrs. Hidy, took charge of the hidden questions, the members responding readily. Mrs. Van Gundy gave a talk on "Girls and Education in China." Rev. Groves finished up the program with a very interesting talk on the after war problems and what our duties are as Christians, ending with a short poem, "You've Heard Him" or How Peter sang.

The meeting was closed with repeating the C. W. B. M. Benediction. The Hostesses, Mrs. Osborn and Mrs. Blackmore served delicious refreshments and a good social time was enjoyed by all.

Sherman Ryan, colored, hailing from Bloomingburg, appeared in Probate court, Friday morning, charged with joy riding in a stolen automobile, and was given a sentence in the Boys' Industrial School at Lancaster.

OHIO Y WORKER TAKEN PRISONER; LIVED AT LONDON

New York, April 4.—(By Associated Press)—Young Men's Christian Association officials today identified the two workers reported in yesterday's cable dispatch from Archangel, Russia, to have been captured by the Bolsheviks as Bryant R. Ryall of Bloomfield, N. J., and Malcolm V. Arnold of London, Ohio. The spelling of the names are apparently confused in cable transmission.

Arnold, 32 years of age, is a graduate of the University of Nebraska, and Oberlin College. His parents live at Ogalalla, Neb. He went to England in July, 1918, and about six months ago was sent with a party of 18 Y. M. C. A. hut secretaries to Burmansk, on the Kola Peninsula, east of Finland.

M. V. Arnold served for more than two years as superintendent of the Madison County Y. M. C. A. He left London more than a year ago to take up war work. His wife and child moved to Nebraska when he was called into service.

FOCH CONFERS WITH ERZBERGER

Spa, April 4.—(By Associated Press)—Marshal Foch arrived in Spa at 8:20 Thursday morning and immediately informed Mathias Erzberger, head of the German armistice commission, that he would confer with him in his private car at 9:30. The conference took place at the appointed time, in the presence of Major General Weygand, assistant to Marshal Foch, and a French interpreter, and lasted 40 minutes.

Marshal Foch laid before Herr Erzberger the decision of the entente. Erzberger hurriedly returned to his train before the conference. He appeared deeply moved. After a conference of one hour with General Baron von Hammerstein, a member of the German armistice commission, and his technical advisor, Erzberger returned to the hotel where the German members of the commission are lodged.

The populace acclaimed Marshal Foch on his arrival in Spa. During the day the Marshal visited General Nudant, his representative in Spa.

DISORDERS ARE GROWING AMONG THE GERMANS

Strikers Believed to be Prelude to Serious Uprising—Food is Badly Needed

(By Associated Press)
Copenhagen, April 4.—Dispatches received here say that the strike in the Ruhr district of Germany has unexpectedly spread extensively, that it now includes the Krupp works and that 120,000 persons are involved. The dispatch adds that the workers in the Hamborn Rhenish Prussia district, were expected to join in the strike today.

Paris, April 4.—The latest advices concerning the fighting at Frankfurt and the renewal of the strike in Berlin confirm the impression prevailing in Germany when the former Berlin correspondent of the Associated Press left there a week ago that the comparative lull in the manifestations of industrial disorder and revolutionary violence and pillage by the rabble was only temporary.

Germany was at that time fairly quiet, the only important exception being a strike in the surrounding region. The March insurrection in Berlin and the disturbances in central Germany and in east Prussia had been suppressed; the flame of disorder was only flickering in the Silesia coal fields, while order was being maintained in Bremen, Essen and other cities, formerly scenes of Spartan uprisings, and the Socialists proletariat of Bavaria, although running affairs in that state without regard to the central government, were not seeking any occasion of conflict with the central authorities.

Beneath the surface there were abundant possibilities of trouble. The majority of the German working men particularly the married men, wish to work, although higher wages are being constantly demanded, to meet the rising cost of food. An energetic Spartan minority and the younger irrepresibles, however, are constantly causing trouble and preaching Bolshevik doctrines of reiterated political strikes to dispossess factory owners and overthrow the present government.

Factory owners and others in close touch with industrial conditions regard the distribution of American food supplies at reasonable prices as the only possibility of mastering the strike movement, re-establishing industrial order and stimulating production. With the workmen able to

WOMAN "DOCTOR" UNDER ARREST

On a charge of illegally practicing medicine, filed by L. M. Platter, secretary of the State Board of Medical Examiners, Dr. Laura May, of Columbus, was placed under arrest at Yellow Springs, a day or two ago, and was bound over to the probate court of Greene county under \$200 bond. She furnished the bond and was released. It is alleged the woman had no certificate as required by law.

It seems that E. F. Deland, acting business manager for the woman, arrived in Yellow Springs first of the week, and Dr. May engaged a room at the Comfort Inn, where she advertised by means of circulars, that she would receive patients. A large number of patients called Tuesday afternoon, and the woman was in consultation with a patient when she was arrested by Marshal James Lawson. She made no protest, but her companion, Deland, raised a big disturbance by declaring loudly that Dr. May was the victim of persecution. The affidavit against Dr. May charges her with illegally practicing medical healing in the case of the seven year old child of John F. Bock, who is a sufferer from organic heart trouble.

Regarding the deal, which has been pending for some little time, the Williamsport News says: "John Jones of Fayette county, has leased the W. A. Bazore mill, two miles from Williamsport and will restore it, as soon as weather and water conditions will permit."

"The big job which will have his immediate attention, will be the erection of a concrete forebay. Mr. Jones will grind flour and feed this summer, and has additions under consideration as the business develops."

"This is a splendid site for a mill and there is no reason why a paying business can not be developed from this plant."

THE RETURNING DOCTOR
Read about the valuable knowledge

Room No. 50, Arlington Hotel, is a Very Busy Place—People Coming From All Parts of The County to Meet Dr. Frederick Blankner, The Distinguished Specialist in a Heart-to-Heart Talk

Dr. Frederick Blankner surely was received with great welcome by his many friends on his return visit. Dr. Blankner came here from Portsmouth, O., where he remained for five months. Dr. Blankner has a very large practice all over the States and it is impossible for him to visit all the places where people want him to come. People here now are urging Dr. Blankner to extend his time, saying why Dr. Blankner, you will never be able to leave here so soon. Well when Dr. Blankner left Portsmouth after being there five months people just begged him to remain longer. The reason for this is that Dr. Blankner is a doer of things and gives every one a square deal. He just simply knows how to treat complicated chronic diseases of the stomach, liver, bowels, kidneys, heart, lungs and nerves, as well as chronic eczema, goiter, rheumatism, running sores and blood diseases. If afflicted in any way it surely will be good judgment on your part to make a Little Journey to Room No. 50 and meet Dr. Blankner, face to face in a right square from the shoulder conscientious heart to heart talk.

In the matter of extracting teeth without pain where you can sit down in an easy going rocking chair and as one tooth after the other is extracted you will smile and say God Bless The Doctor then Room No. 1 is the only place you can go. You have until Wednesday, April 9th. Room No. 50, Arlington Hotel, to make the Little Journey. Now is surely your time to have your diseased teeth extracted. Fail to improve this opportunity and you will ever regret it. Office hours: 9 a. m. to 8 p. m. Sunday, 9 to 12 M. Doctor's wife in attendance. Phone service.

APPREHENSION
AT CONFERENCE
IS SPREADING

Peace Conference is Near Dead-
 lock and Situation is Serious
 in the Extreme

(By Associated Press)

Paris, April 4. — President Wilson
 and Premiers Lloyd-George, Clemen-
 ceau and Orlando continued their
 discussion at President Wilson's
 residence yesterday. Other peace
 conference organizations also met. All
 the conferences tended to unravel the
 tangled issues still standing in the
 way of peace.

The meeting proceeded amid an-
 other wave of apprehension spread-
 ing through the conference over lack
 of and tangible results after the
 council of four had labored contin-
 uously for 10 days.

This was accompanied by well-
 founded reports from those close in
 touch with the council of four show-
 ing that the situation, while not des-
 perate, was at least serious, because
 of radical differences on some funda-
 mental issues in the settlement of Ger-
 many's western, the Franco-German
 and the eastern Polish frontiers.

One of the American experts who
 is constantly being consulted on var-
 ious questions before the council
 gives the following glimpse of what
 is going on behind scenes:

"The situation is extremely difficult,
 particularly as regards the western
 frontier of Germany. President Wil-

son, in a conciliatory spirit, has been
 willing to do most anything to assure
 French security short of the stultifi-
 cation of engagements made at the
 time of the armistice.

"The French have been assured of
 every military protection along the
 Rhine and for 50 kilometers east of
 that river, even to the extent of con-
 sidering that any military activity in
 that section shall be looked upon as
 a hostile act. But this is not consid-
 ered enough and additional claims
 lead to the conviction that they are
 open to construction as meaning
 something more than military security
 and verging on territorial control.

The President is not willing to go
 that far in creating more Alsace-Lor-
 raine situations and it is this stand
 against these claims which is caus-
 ing the delays until some middle
 ground is found."

Concerning reparations, it was
 added that there were good prospects
 for an early agreement. This will not
 specify the total amount, but will
 leave it to a commission to work out
 details of reparation through a period
 of years. The priority of Belgium
 and France in the division of the Ger-
 man indemnity also is said to be near-
 ing agreement.

As a means of finding the
 "middle ground" on the Rhine con-
 troversy, the super-council of four
 created a consulting body consisting
 of Andre Tardieu, France; Charles
 H. Haskins, American, and Viscount
 Morley, British. They labored until
 2 o'clock Thursday morning and then
 called on Colonel Edward M. House
 before seeing the council. To inti-
 mate they were not optimistic on
 the progress that is being made.

Another of President Wilson's en-
 tourage said the real issue was
 whether President Wilson's principle
 of self-determination was to be up-
 held. The President, he said, did not
 regard this as a principle which
 should be applied when favorable to
 the entente and not applied in all
 cases alike.
